Siegmeier had for the crowd attending last Saturday night's installation of officers and dinner-dance for the Antioch Chamber of Commerce and Industry.

Siegmeier, manager of the Four Squires clothing store, was installed as the Chamber's president for 1976.

He recalled coming to Antioch from Elgin in 1972 and hearing

talk of Antioch "as a Utopia - a town without an equal - a town unique in the Lake Region but, most of all, a town that people were proud to live in."

"In the last three years I've

learned that Antioch has grown on pride," Siegmeier said. "And also on hard work, since its beginning many years ago."

"Today, however, Antioch is somewhat different than in the past," he said, "Business is tougher, competition of the region is greater, and I am greatly saddened by what has happened to the Chain of Lakes.

"Much pleasure and revenue has been taken from the lakes, but what has been put back in besides silt and sewage?"

"I've heard Antioch called a magical town in which you can't help but make money. A town where there is a line waiting to get a business on Main St.," Siegmeier continued. "But all of a sudden that merchant is no more ... he lived in the past; he didn't build for the future. This

# Parking Lot Being Considered

The feasibility of a new downtown parking lot, east of the stores on the east side of Main St., is one of the concerns of the Antioch village board:

Trustee Mike Haley said at Monday night's meeting that he would like a decision within two weeks or a month "whether we should enter into a contract with our professional planners to do a feasibility study."

Haley indicated the cost of the study would be about \$3,000.

IT ALSO was learned at Monday's meeting that motorists can look forward to bright, new traffic markings on village streets this year.

The state of Illinois has tentatively approved the village's "pavement marking project" at an estimated cost of \$5,000. The money would come from the state.

In another matter, trustee Bill Seemann said he has "received nothing but compliments on the presence of a police officer directing traffic at the corner of Main and Orchard streets from 4 to 5 p.m. in the afternoon."

"This relieves one of our traffic congestion problems, and I hope it continues," Seemann said. He asked trustee Arnold Weber to pass the compliments along to Police Chief John Wells.

Village Clerk Marilyn Sterbenz said a couple of people stopped at the village hall to praise the presence of the traffic patrolman.

### May Shorten Meyer's Pact

The three-year contract that apparently was given to Grade School Superintendent Henry Meyer on Dec. 9 may now become an additional one-year contract.

The board of education of

Antioch Grade School District 34 made that decision, along with Mr. Meyer, at its meeting last week.

"By mutual agreement of both parties," said Board President Gerald VanderMeer, "we will rescind the three-year contract and will tender Mr. Meyer a one-year contract by a majority of the board at the next regular meeting. The contract will run from Aug. 31, 1976, to July 31, 1977 - one year. The reason for not voting tonight is that all board members are not present."

Milo Bailey was the only member of the board not present.

Mr. VanderMeer pointed out that his comment was a statement of intent and not formal action by the board.

THE NEXT board meeting will be at 7:30 p.m. Thursday.
When the board voted on the three-year contract in Decem-

ber, three members were in

favor, three opposed and one passed.

"This left some question as to

the intent of the board," Mr. Meyer said yesterday.

At last week's meeting the board voted to install security system additions in the amount

of \$330.

The board also voted to sell

#### "Pop's Day" Sunday at St. Peter

St. Peter's grade school athletic department is sponsoring its 2nd annual "Pop's Day" on Sunday at St. Peter's social center, starting at 1 p.m.

Basketball games between the alumni and coaches, fathers of students and the 8th grade team will be played.

The cheerleading will be

supplied by the alumni, mothers of students and the 7th and 8th grade cheerleaders.

Grades 3 through 8 are participating in a poster and essay contest. Both activities are centered around the theme, "Why my Dad should be selected as Pop of the Day."

The winner of the contest will

be announced at the end of the day's activities. Entertainment will be provided during half-times by the 8th grade singing group along with a wrestling demonstration by the St. Peter wrestling team. Refreshments and sandwiches will be offered by the students' Pep Club and the refreshment committee.

Antioch residents are being asked to remove ice and snow from porches, steps and sidewalks to lessen the dangers to mail carriers and other deliverymen.

"Slips and falls on snow and ice result in serious injuries," said Postmaster Walter Barnas. "There were 1,660 injuries to mail carriers due to falls on ice and snow in 1974. These

The postmaster also asked rural and suburban customers, who receive their mail in curbside boxes delivered by vehicles, to keep approaches to mail boxes clear of ice and snow.

"If a driver cannot reach your mail box without the risk of getting stuck or slipping off the road, he will return your mail to the post office until the approach is cleared," Postmaster Barnas said. "Drivers are not required to leave their vehicles to place mail in boxes."

# Home Buyers May Qualify For Tax Credit

If you have purchased a new home - one that was under construction before March 26, 1975 - you may be entitled to claim up to \$2,000 credit against your 1975 Federal income tax.

But before any taxpayer can claim that credit, he or she must have a statement from the seller certifying that the purchase price of the home is the lowest price at which the residence was offered for sale after Feb. 28, 1975.

The certificate - to be attached to the home buyer's income tax return - is required, says the Internal Revenue Service, to prevent fraudulent transactions affecting the amount of the taxpayer's credit. For any false statement the seller faces criminal and civil penalties, warns the IRS.

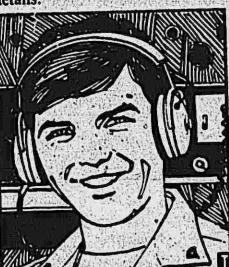

The IRS, however, has not issued an offical form for the certification of the price of the home and leaves the responsibility to the taxpayer to acquire such a statement.

As a public service, and at no cost to either seller or taxpayer, H&R Block, the nation's largest income tax preparation firm, has made available nationwide a new home purchase certificate conforming to IRS requirements. For double protection the certificate contains space for acknowledgement by a notary public.

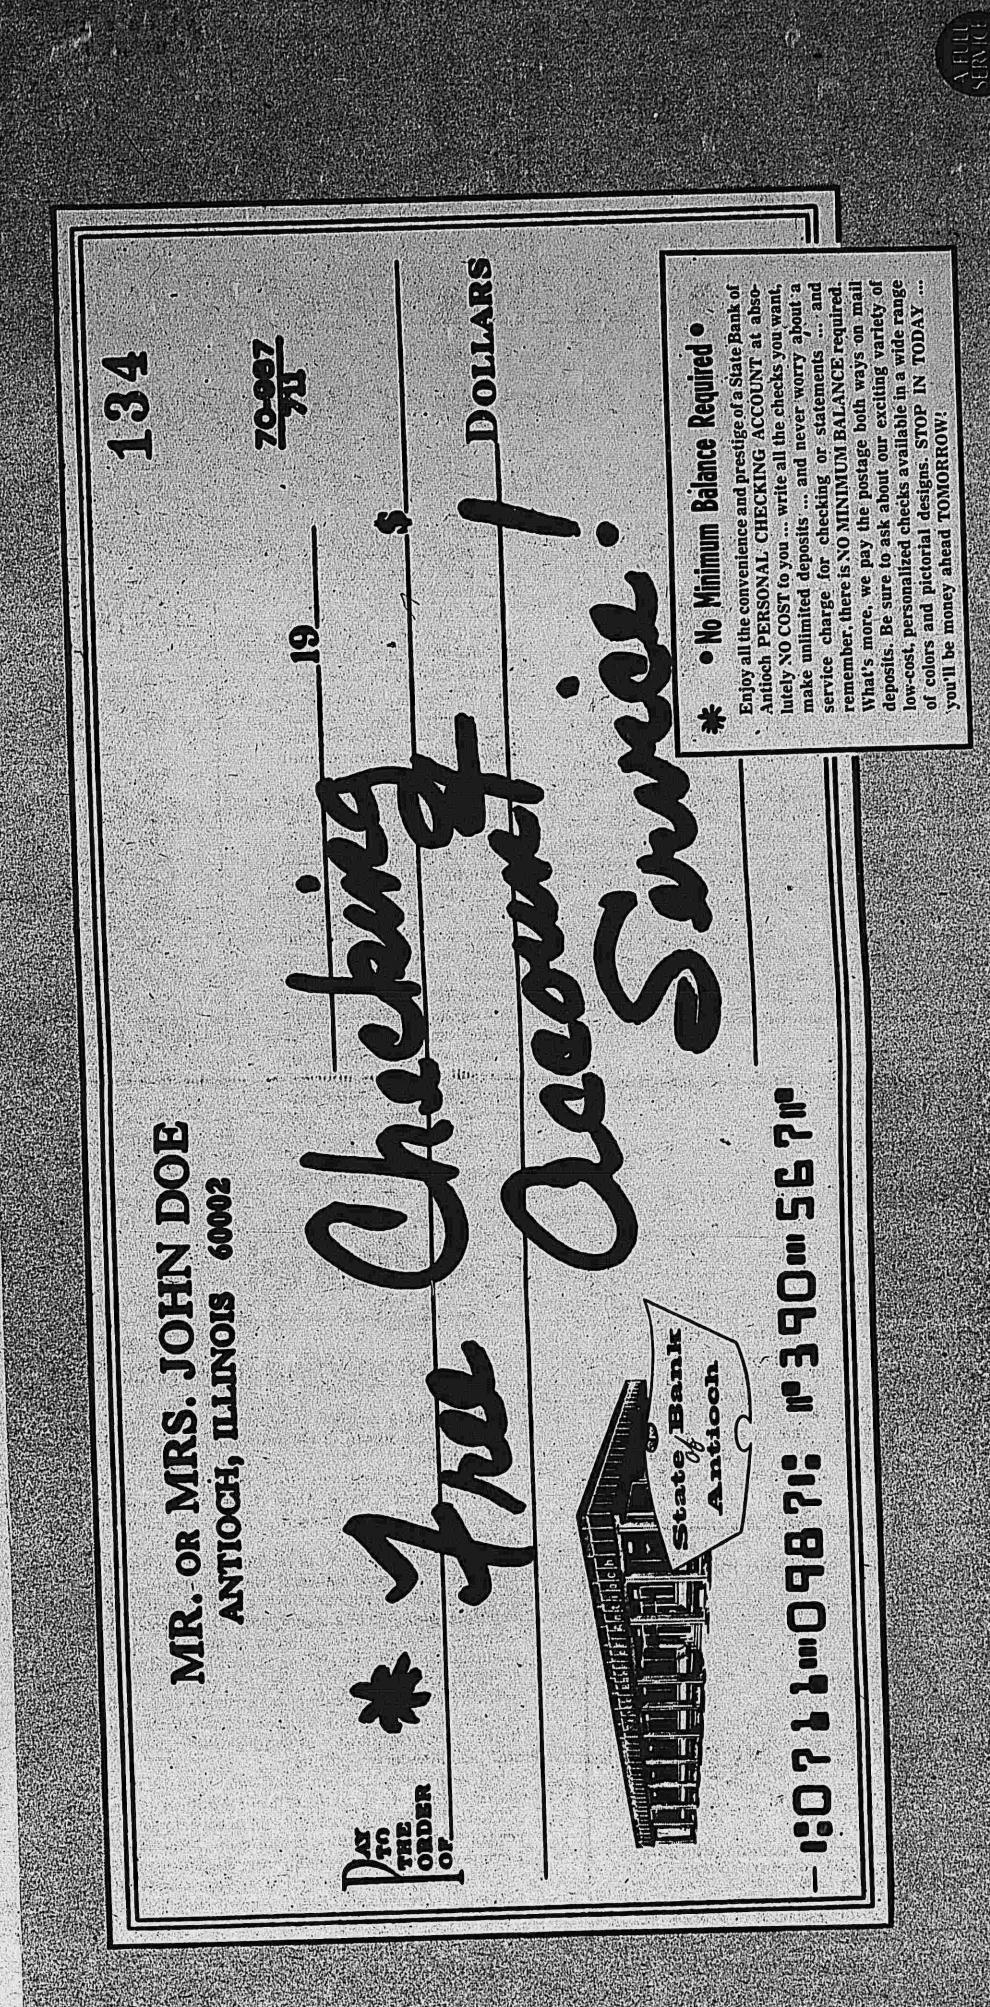

This one-page certificate is available to taxpayers at the H&R Block offices at Hy. 59 and Grass Lake Rd.

### Social Security Numbers Being Used Too Much?

By SEN. BARRY GOLDWATER

"It's like opening a Pandora's ox of dangers for the indivilual."

David Linowes, chairman of the Privacy Protection Study Commission, used these words recently to describe the growing use of Social Security numbers for identification purposes.

Linowes envisages a time when it might be possible for bureaucrats to push a computer button and learn all there is to know about an individual's private affairs.

THE CONCERN, which is beginning to stir public interest, is over the facility with which highly confidential information might fall into the wrong hands.

 Members of congress who have been studying this problem point out that Social Security numbers have come a long way from what they were originally designed to accom-

#### BARRY GOLDWATER

plish. When the Social Security Act of 1935 was passed, the numbers were assigned only to identify individual accounts under the new system. Now, however, the numbers are becoming a part of countless forms at all levels of government and all areas of private business.

HERE ARE some examples: -When a person takes a new job, his employer requires him to furnish a Social Security number or to apply for one if he does not already have one.

-If a person should open a bank account, his Social Security number is required:

-The Internal Revenue Service can fine an individual \$5 if he fails to attach his Social Security number to his income tax return.

-Since 1967 the armed services have used Social Security numbers for purposes of military identification.

-Social Security numbers are required for admission to Veterans Administration hospitals.

-It is now possible for school systems to force all pupils in the ninth grade and above to obtain Social Security numbers. Colleges and universities use Social Security numbers to identify students.

-Social Security numbers are also required from anyone receiving unemployment compensation, old age assistance, Medicare, stock dividends and interest payments from any source or payouts from any estate or trust.

IN LIGHT OF the above, it is

surprising to learn that in 1939 a law was passed guaranteeing that information in the Social Security files would be used only for that program. The

widespread use of Social Security numbers today is a result of exemptions from the 1939 law granted in subsequent acts of Congress.

#### Shoplifting in Antioch

Shoplifting in Antioch has become a serious problem, according to a survey of 170 sixth graders at Antioch Upper Grade School.

Thirty-six percent admitted they had already stolen something from a store. About 30 percent of these students had been caught either by the store, the police or their

A surprising 63 percent of all the students questioned said they have been with someone who was shoplifting.

In response to this survey, a guidance unit was taught under the direction of a teacher, Mr. David Booth. Students viewed a movie, received pamphlets, attended a lecture and participated in discussions on the reality and morality of shoplifting.

The immorality of stealing was stressed, as was detection and prevention procedures initiated by the stores. The role of the police and the courts was also discussed, emphasizing the stiff penalties for shoplifting.

Nationally 65 to 70 percent of all shoplifting is done by those under 18 years of age, at the rate of \$10 million dollars a day.

The Upper Grade School is trying to educate its students in regard to the immorality of the crime. But parents who become aware that their children are shoplifting can do more they can impose strict discipline. And the stricter the better.

This country doesn't need any more rip-off artists.

Rare, medium or well done beef? The rule is "as you like it." For accuracy, use a meat thermometer for roasts.

Less tender beef cuts — such as pot roasts, round steak and beef for stews — are cooked "well done" to develop their full flavor and tenderness.

50 YEARS AGO: JAN. 21, 1976

Five persons were arrested by the sheriff's office in a raid on a brewery located in the southwestern portion of Lake County, which has been operating in wholesale fashion for months. The four men and one woman, all of Chicago, entered pleas of guilty and paid fines totalling \$2,930.

Both banks will open up on Saturday evenings between the hours of 7:00 and 8:30. This will help get many of the checks into the banks instead of having to cash them in the stores and get a better circulation of money during the weekend.

Colleen's first meeting is Jan. 26 at 7 o'clock.

Awards were presented to the girls who earned points from the previous term. The advisory board of Antioch Assembly awarded the "Outstanding Rainbow Girl" trophy to Louise Kutz.

# Mental Health Group Gets Letters of Thanks

The Antioch Mental Health Association has received letters of thanks from the Lambs Inc., of Libertyville, and the Grove School in Lake Forest.

Mrs. Ray Lorenz, president of the association, received a letter from the Lambs, "a national center dedicated to the well-being of the mentally retarded."

Robert Terese of the Lambs said:

"WE ARE truly grateful to members of the Antioch Mental Health Association for the gift of \$1,000. Our dream of a happy home for our young people is about to become a reality and we share this joy with you. How fortunate God's 'special children' are to have such loving friends."

Virginia Matson, executive director of the Grove School, wrote on Christmas Day to Mrs. Edmund Vos of the Antioch association, saying:

"YOUR VERY wonderful gift of \$5,000 came today and I cannot express how much this has meant to us. In the history of the Grove School we have never needed money as much, and also the loving expression of confidence your efforts mean

to all of us."

"It has been a tough year for our parents, too," Mrs. Matson said. "They have not only turned over their cherished children to us for what they believe is the best long-run care of the children, but they have seen many of the promises made to them by our State reneged. This has meant some very great sacrifices for them all.

"The youngsters themselves have more than fulfilled their promises. They have improved so much in every way. Most of all they have come to feel better about themselves; have learned to take care of simple needs and enjoy fruitful and productive work. They have become more interested and aware of the community in which they live."

A NEW CONSTELLATION

Continental Congress passed a resolution that established the Stars and Stripes on June 14, 1777, but did not specify the arrangement

of the thirteen stars on the blue union, except to say that they should represent a new constellation. As a consequence, according to the U.S. Marine Corps Reserve, we find a variety of forms. The first flag, popularly known as the Betsy Ross flag, had them arranged in a circle, based on the idea that no colony should take precedence.

## Retirement Programs Available at FNB

Individual Retirement Accounts (IRAs), the new taxdeductible retirement savings programs for wage earners not

otherwise covered by a pension plan, are avilable through the First National Bank of Antioch.

THE ANTIOCH NEWS

A significant new financial service, IRAs were made possible by provisions of the Employee Retirement Income Security Act (ERISA) of 1974. Their creation will allow millions of middle -- and lowerincome Americans - for the first time to save towards their retirement and receive the same tax break long provided to individuals covered by company pension plans.

INDIVIDUAL WAGE earners, below the age of 701/2, who have not participated in a qualified pension plan at any time during a calendar year, are invited to visit the First National Bank of Antioch to see about establishing their own IRA program through a bank trust or custodial account.

PWINIDOCKA MUT

LaVerne M.Woods, president of the bank, said:

"This financial institution is now offering potential IRA investors a convenient method for building retirement income that includes the additional advantages of relatively longterm high interest rates, no service fee and FDIC insurance coverage for all accounts up to \$40,000."

"An IRA offers meaningful financial benefits to the individual customer," Mr. Woods pointed out. "Any eligible employee can put up to 15 percent of his or her earned income, up to a maximum of \$1,500 into an individual retirement account, and defer paying taxes on the entire amount until it is withdrawn upon retirement."

"And, during the period the money is in the retirement fund, it is earning interest (also tax deferred) and increasing in amount," he added.

IT SHOULD be noted that IRA funds may not be withdrawn before age 5912, without heavy financial penalties, except in the event of disability or death. On the other hand, funds in an IRA account must begin to be withdrawn no later than the year in which the individual reaches age 701/2.

Mr. Woods has invited all interested eligible wage earners to stop by the First National Bank to discuss the possibility of establishing an individual retirement account tailored to meet their own specific financial needs, objectives and means.

CHRISTMAS WAS four weeks ago, but this photo arrived Monday and was too good to resist publishing. It shows Bob Motto, one of the Antioch Rotary Club's most faithful members, sitting on Santa's lap at the Rotarians' Christmas party for their children and grandchildren. Doesn't Santa bear an interesting resemblance to postmaster Walter Barnas?

#### Members of Moose Donate to Needy

Giving to those in need is nothing new with Moose members. The Antioch Loyal Order of Moose, and its auxiliary, the Women of the Moose, donate throughout the year to the Child City - Mooseheart and the home for the aged - Moosehaven.

During the past holiday season, however, members headed by Art Andersen, civic affairs chairman, donated canned goods as well as money to purchase turkeys that were distributed to four needy Antioch residents. Governor Jim Page, speaking on behalf of the Birdsell, Ron Polson, Dick

board of officers, thanked the members for their generous contributions.

THE LODGE has announced a special open enrollment - Feb. 28 at 8 p.m. in honor of its members who hold the degree of Fellowship. This degree is awarded for outstanding work in the Moose fraternity.

Thirteen members will be honored that night: Les Palmer, Ben Noble, Wally Good, Ed Kurtz, Art Andersen, Charles Auxier, Seth Mark, Scott Jorgensen, Les Sperling, Bob Avery and Al Ballenger.

The guest speaker will be the Jr. Past Governor from the Illinois Association, Tony Addesso. The meeting will be followed by a dinner prepared by Dick and Milly Stroner. Music for dancing will be provided by the Embers:

The St. Patrick's Day dinner and dance will be held Mar. 20 with dinner being served from 6:30 to 9 p.m., followed by dancing. The band will be "Our Way." Only 150 tickets are available so advance purchase will be necessary

#### The Town Crier

An interesting press release arrived from St. Louis, Mo., from the National Hairdressers and Cosmetologists Associa-

It said that the "updated wave" will create an important oiffure fashion statement for pring and summer of 1976.

It also included 12 photos of hair styles we can expect to see during this bicentennial year. Space doesn't permit using all 12 photos, so we turned them over to our expert on horses and women, and he did a little survey in downtown Antioch.

He showed the pictures to Antioch's leading connoisseurs on how women should look. (We don't have to mention their names, because you know who they are.)

Anyway, they selected these two photographs ... so if you ladies really want to please the discriminating and tasteful men of Antioch, you might try looking something like this:

year I've seen pride come back to the Lake Region with the Chain of Lakes-Fox River Commission pushing for betterment of the Chain, What I hope to see this year are people pushing for the betterment of Antioch ... pushing for more parking, less traffic congestion, and the pride that cleans our storefronts and windows ... pride that keeps our employees off the street with their parking."

"Our pride, however, should not be selfish." he said. "No business in this town can stand alone and our competition should be our best friend. They keep us on our toes but, most of all, they keep people in Antioch."

"If you need some help," Siegmeier concluded, "look to the past - Antioch's heritage then look to the future. It's a bright one!"

THE OUTGOING president, Atty. F. James Lumber, called the Chamber the "most worthwhile organization in town. People who earn a living in this town owe a loyalty to it, and they should belong to the Chamber."

The master of ceremonies. Mayor Robert C. Wilton, praised the way village trustees and other Antioch officials work together in a spirit of harmony and cooperation.

"We don't have the problems other communities have," he said. "I hope we can keep it this way."

The mayor also praised the businessmen for the "tremendous amount of sales tax" they produce.

"Without that money, we couldn't do much for Antioch," he said. And then, with a smile, he added:

"Let's keep that sales tax coming in."

#### St. Peter's Amends Policy On Lunches

St. Peter's school had amended its policy on reduced price meals.

In accordance with public law, school officials adopted the following family size-income criteria for determining eligibility under the free and reduced price lunch or breakfast program.

The first number in each paragraph is the family size, followed by the family income for free meals and milk, and then the income for reduced price meals:

1, 3,230, 5,040.

2, 4,240, 6,620.

3, 5,250, 8,200,

4, 6,260, 9,770.

5, 7,190, 11,210. 6, 8,110, 12,650.

7, 8,950, 13,970.

8, 9,790, 15,280. 9, 10,550, 16,460.

10, 11,310, 17,460.

11, 12,060, 18,820.

12, 12,810, 20,000.

Each additional family member, 750, 1,180.

**CHILDREN FROM families** whose income is at or below the level shown are eligible for either free meals and free milk, or reduced price meals.

Families not meeting the income criteria, but with other

unusual expenses due to high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses may also be eligible.

In addition, children whose parents or guardians have become unemployed are eligible for free or reduced price meals or free milk, provided that the loss of income causes the family income, during the period of unemployment, to be within the eligibility criteria.

APPLICATION FORMS are available at the principal's office in each school. If you feel that you may be eligible, you are urged to contact the school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications can be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them, and wishes to apply for such meals and milk for these children, they should contact the school.

All children are treated the same regardless of ability to pay.

MR. AND MRS. STEVEN MIKLAUTSCH

#### Holly Ann Bartlett Weds Steven Miklautsch

Holly Ann Bartlett of 1100 Victoria St., Antioch, became the bride of Steven J. Miklautsch of Lake Villa on Saturday, Dec. 20.

The couple was joined in marriage at the Antioch Evangelical Free Church by Rev. Bernard Fosmark.

The bride was given away by her father, Mr. George Bartlett. The groom is the son of Mrs. Elaine Miklautsch of Chicago. Holly Ann is the daughter of Mr. and Mrs. George Bartlett of Antioch.

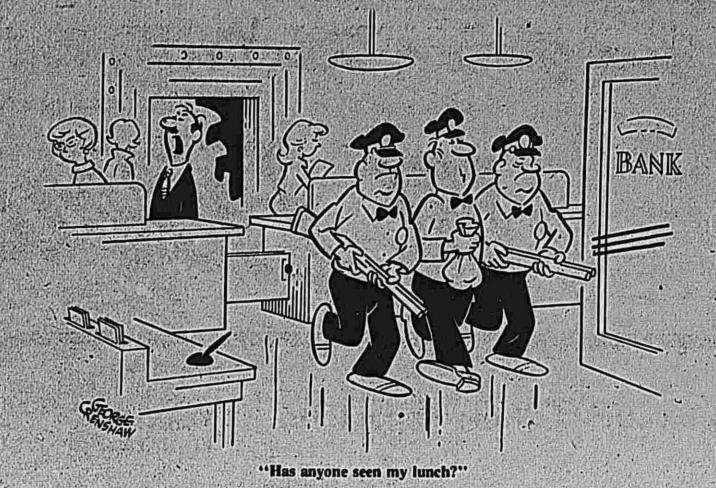

The bride wore a satin A-line gown and, as a headpiece, a beaded pearl crown.

Miss Margaret Albergo was the maid of honor and Bruce Knutsen the best man. Ushers were Joel Strahan and Doug Hellstern.

Special music was provided by Mr. Robert Krieger, organist.

Holly Ann is a graduate of Indiana University and Steven a graduate of Western Illinois. He is a teacher at Grass Lake school and she works for American Hospital Supply.

The reception for 150 guests was at the Antioch Country Club. They are delaying their honeymoon trip until spring. The newlyweds will make their home in Lake Villa.

Reviving Romance In Marriage Is Aim Of 'Total Woman'

Consciousness-raising sessions and karate classes that promise to free women from "male tyranny" are beginning to take a back seat. A growing movement among women is aimed at reestablishing communication with their husbands and putting the sizzle back into their marriages.

The "bible" of this movement is a book called "The Total Woman." It was written by a housewife and former beauty queen named Marabel Morgan, and it's based on classes she has been teaching for several years. "The Total Woman," published in hardcover late in 1973 with a 7,500-copy first printing, began its steady climb up the list to become 1974's bestselling phenomenon with a total sales of more than 600,000 copies. It has just been published in paperback by Pocket Books (\$1.95) with an initial printing of two million copies.

The concept of The Total

Woman was born out of a failing marriage-Marabel Morgan's own. After six years the Morgans' once "perfect marriage" was on a downhill slide that Marabel didn't know how to stop. After one particularly upsetting encounter with her attorney husband, Charlie, ("I fight and argue with people all day long," he had said, "and I don't intend to come home each night to fight and argue with you,") Marabel decided to dry her tears and change her life.

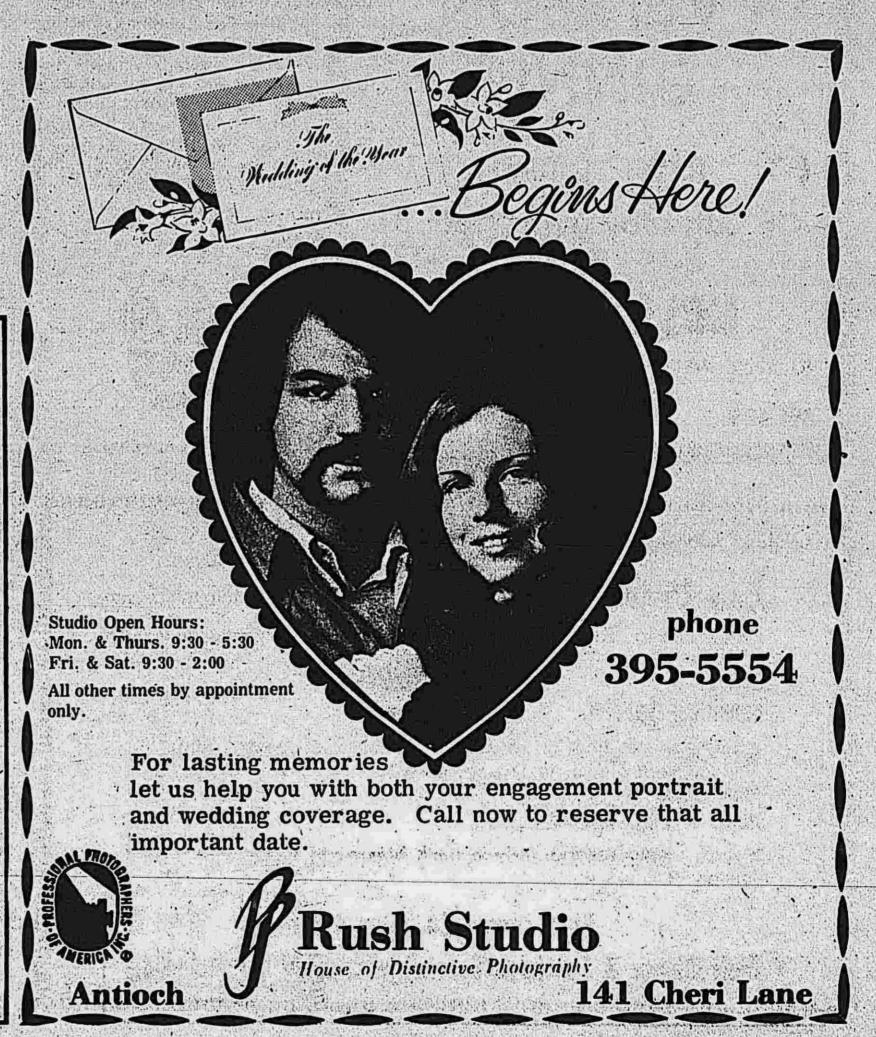

"The change began with my. pursuit of knowledge," says Mrs. Morgan, "I bought all the marriage books I could find. I read until I felt cross-eyed at night. I took self-improvement courses. I studied books on psychology. I studied the Bible. Over and over, certain principles emerged and I began to apply them to my marriage—with stunning results."

The results were so stun-

ning that when friends began asking her for advice on how to save their own marriages, Marabel decided to spread the word beyond the boundaries of her own social relationships. She founded Total Woman, Inc., the Miami-based marriage enrichment course that has now spread to more than 20 states and is taught by more than 100 authorized instructors. (Graduates of the Total Woman courses include singer Anita Bryant, Mrs. Joe Frazier, Mrs. Alvin Dark, and the wives of football players from the Dallas Cowboys, Washington Redskins, Miami Dolphins, Minnesota Vikings and Green Bay Packers.)

Marabel Morgan's discoveries, her own experiences, and those of her students are related in "The Total Woman"—a practical guide that enthusiastically shares the how-to tips wives can use to improve and revitalize their lives and marriages.

### Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Philosophical interests may spur you into making changes in present lifestyle. Keener intuition can be helpful in making the right choice.

TAURUS [April 20-May 20] - Not a week to sit back and wait for things to happen; achievement comes through your own efforts. Act independently as others aren't so reliable now.

**GEMINI** [May 21-June 21] - As social events continue to play an important role for you don't turn down an opportunity to make new acquaintances. By meeting new people you can advance.

CANCER [June 22-July 21] - Pay heed to practical advice others offer. Handling personal matters with caution, not impulsiveness is your best course of action. Show stability.

LEO [July 22-August 21] - Routine matters offer little chance of personal satisfaction for you now so keep activities varied. Be receptive to new suggestions.

VIRGO [August 22-September 22] - Settle disputes which could interfere with promoting personal endeavors. By clearing the air with people who oppose your ideas a new pace can be set.

LIBRA [September 23-October 22] - Don't gamble on unsure risks; you should eye speculative offers carefully. Work to clear up pending obligations then you can face other issues head on.

SCORPIO [October 23-November 21] - Try to maintain a steady, efficient schedule that allows plenty of time for rest as well as recreation. Perceptivity and keener insight should be put to use.

SAGGITARIUS [November 22-December 20] -Avoid quarreling with loved ones even if it means rearranging your plans to avoid dissention. Future objectives should be your foremost concern.

CAPRICORN [December 21-January 20] -Economic conditions can be improved through your earnest efforts. Colleagues are more than willing to help carry the workload.

AQUARIUS [January 21-February 19] - Any setback which occurs now should be viewed as added time to perfect work. Use this present slower trend to reflect on past efforts and correct mistakes.

PISCES [February 20-March 20] - Having the courage to stand by your own convictions may be difficult now as you are easily swayed by the persuasiveness of others.

#### **New "Junior Jumbo" Rolls Out**

The first Boeing 747SP (Special Performance) airliner (top) was recently rolled out from the 747 Division factory and lined up beside the original 747 which was completed in 1968 and is now a test airplane. The new "Junior Jumbo" is 47 feet shorter than the standard 747s and carries about 100 passengers less. It is designed to fill the size gap between 707s and standard 747s, providing spacious wide-body service on routes which do not require capacity as great as that of the standard 747 but more than the 707. The new airliner, one of 13 ordered by four airlines, is now being prepared for its first flight. It will be one of three 747SPs employed in the flight test program leading to U.S. Federal Aviation Administration certification of the new airplane for commercial service, which will begin early next year.

were all credited with clutch efforts in preventing Rockford East from getting the fall-points it would have needed to overtake Antioch.

In the Harvard match, the Sequoits scored team points in nine of the 12 matches without the help of any pins. Winning point decisions for Antioch were Jeff Gross, Wayne Blake, Del Gorski, Dave Aschbacher, Rick Dauck, and Rich Packert. Kirk Sarmont and Randy Larsen each wrestled to a draw with their Harvard opponents. The scorekeepers were kept busy in the Larsen match with the final six-minute score being 17-17!

On Friday the Sequoits will wrestle Carmel and Cary-Grove at Carmel High School beginning at 6:45 p.m. On Saturday, the Antioch JV's will travel to Rockford Boylan for a tripledual with Boylan, Auburn and McHenry beginning at 1 p.m.

REVOLUTIONARY NEW AIR FARES IN 1976 KNOWN AS THE FREEDOM FARES. ETC.

These fares will be available in all United States markets except "Hawaii" (Florida and Canada are still subject to approval). All the new fares will be effective Feb. 1.

These new fares will offer 20 to 30 percent discounts. The 7 day minimum, 30 day maximum stay creates strong appeal to the "visit relatives and friends" market.

This new fare has no restrictions on departure times or blackout dates as before. The only restriction is the advance commitment on the booking and purchase of tickets which is 14 days prior to departure. You can purchase your ticket through a travel agent 10 days prior to departure; however the reservation is still required 14 days prior to departure.

AS FOR the children's fares, they also receive great savings; so this is something to remember. If more information is required for that family outing, call your local travel agent and he will have all the answers.

Remember; it costs no more to go through your local travel agent (a local phone call) than the airlines, which can result in a costly long distance phone call.

If you have several places to visit; this new fare allows a

BARB CORBIN

maximum of two stopovers, which is a bit different than in the past with the various promotional fares. Not all airlines will be calling this the FREEDOM FARE. Some will still call it the DISCOVER AMERICA OR BICENTEN-NIAL FARE, which can be a bit confusing if you call the airline itself.

IF YOU should, as I mentioned, call the airline direct, more than one rate will be quoted.

Just ask for the lowest airfare possible for, at this point, we are all a bit confused. Seems many airlines are doing or trying to do their own thing and, as a result, the public is paying the brunt of it.

If a trip is in the planning, call your local travel agent. He has the time to spend with you and give the best possible rate. Happy travels.

Because postal rates and most of the supplies needed to publish a newspaper have increased an average of 20 to 33 percent, the Antioch News is forced to raise its annual subscription price from \$6 to \$6.50.

Two-year subscriptions will still be available for only \$10.

Rates for subscribers outside Illinois and Wisconsin will be increased from \$8 to \$9 for one year, and from \$14 to \$15 for two years.

The new prices will go into effect on Feb. 1, so until then we are giving all of our subscribers a chance to extend their present subscriptions for one-year at the current prices.

## Twice as Much Fun For Sequoit Fans

#### 2 Games This Weekend

Antioch High's many basketball fans, delighted with their team's 5-0 record in the good hustle on defense, working Northwest Suburban Conference, are in for two treats this weekend.

They get to see their beloved Sequoits play Cary-Grove Friday and then can return to the local gym on Saturday to watch Antioch duel Lake Forest in a non-conference game. Both games begin at about 8 o'clock.

Although Cary-Grove is 0-6 in the conference, Coach Roger Andrews is hoping his Antioch players won't get over-confident and allow themselves to be knocked off.

"WE HAVE to be careful." Andrews said. "The conference is evenly-balanced and any team is capable of winning on a given night."

Cary-Grove lost by only three points to Round Lake last Friday and put on a full court press that made the game interesting right down to the wire.

Lake Forest lost its first four games in the North Suburban Conference, but the Sequoits will be wary of that club, too.

ANDREWS SAID he was "real proud" of his team in last . Saturday's surprising 25-point win over Wauconda.

"The boys played a great

game," he said. "The offense was sound and they had real the press to their advantage in the first quarter, when they opened up a 12-point lead.

The Sequoits switched to a zone defense in the second quarter and really shut off Wauconda's inside game.

"THE TEAM defense was just super during the entire game," Andrews said. "Bob" Dubek did a great job on one of Wauconda's top scorers, Dagdick. He didn't score a point ... terrific!"

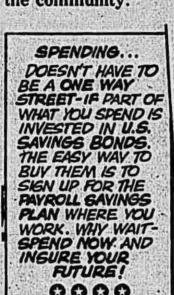

"Our team rebounding was beautiful," the coach added. "We had 37 boards to only 24 for Wauconda. Scott Kimball and George Ferguson led the way:"

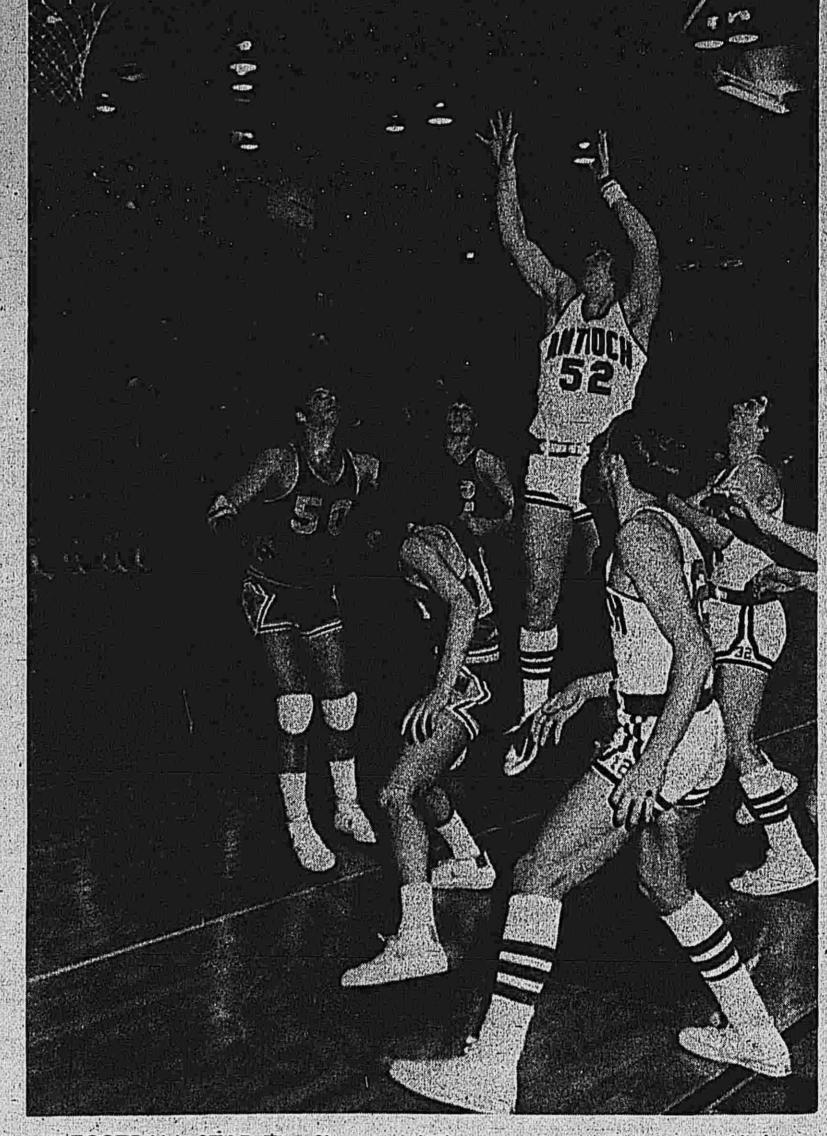

"Ferguson was our player of the game," Andrews said. The coach priased the 6-4 senior's "overall performance - good scoring, excellent rebounds, good defense and no mistakes in his floor play."

Andrews praised the scoring of Kimball and Mitch Witt (18 and 16 respectively) and said Jon Bodin, the team playmaker, set up the difficult offenses needed to help Antioch run smoothly.

"In all," Andrews said, "it was without a doubt a real team effort, because all 18 squad members were able to play in the game. The coaching staff is really proud of this team and its inspired play. It's a great tribute to the team, the school and the community."

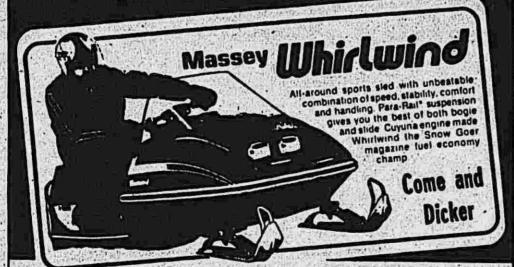

FOOTBALL STAR Tim Sheppard (52), a reserve on the Antioch High basketball team, gets off a shot in the Sequoits' 25-point victory over Wauconda. The Antioch player in the foreground is Pat Houghton and behind Sheppard (at right) is Jeff Eder.

#### Frosh Top Wauconda

Antioch's freshman basketball team scored a 54-38 victory over Wauconda's frosh here Monday.

The win boosted Antioch's record to 4-1 and was only the second conference loss for the Wauconda team.

The two freshman fives played on even terms for three of the four quarters, but the second period was the "gamebuster" as Antioch outscored the visitors 23-10.

Mike Lischewski scored 12. points for Antioch, while Greg Bodin and Roger Korjenek each hit 10. Dave Gutowski had 7, and Chris Oddsen and Dan Crichton 6 each. Oddsen led the rebounders with 16.

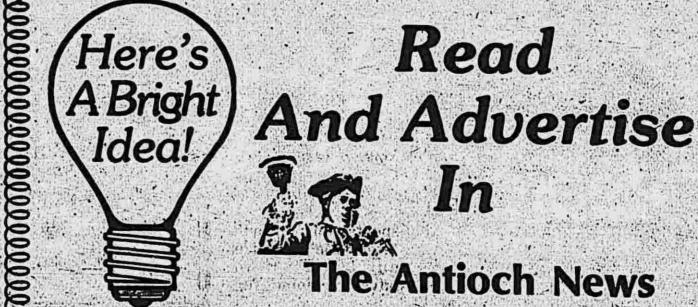

A freshman "B" game also

was played and Antioch outclassed Wauconda 42-10. Steve Dauck and Bill Ranker each scored 8 points for Antioch while Chuck Gleason added 7.

The freshmen play again Saturday at 9 a.m. against Cary-Grove.

In ancient China a girl sometimes would commit suicide rather than marry the man she loved because she was jealous in advance of his falling in love with someone else.

### Sophs Win

Antioch's sophomore basketball team continued its winning streak, which is now eight straight, by defeating Wauconda 59 to 29.

Antioch led 19 to 9 at the end of the first quarter and continued to hold a big lead throughout the game.

**Bill Dubek led Antioch with 18** points. Tim Huebner added 15, Tom Huebner 9, Brian Andrews 7, Tracy Sodman 4, Al Roth 2, John Eder 2. Al Koesser 1 and Joe Vojtech 1. Also seeing action was Chris Ano, Dennis Korjenek, Jeff Mulder, Kenn Rosenbrock, Bill Strzelecki and David Walpole.

The sophs will play Cary-Grove this Friday and Lake Forest on Saturday. Both are home games scheduled to start at 6:45 p.m.

### Wrestlers **Outclass** 3 Rivals

It was a good weekend for Antioch High's wrestling Sequoits. They won three meets by decisive scores.

Friday nite the Sequoits hosted a weak Stevenson team and sent the Patriots packing with a 61-3 loss.

The highlight of the meet was Dick Kessler's pin in the 185 lb. match. Dick was wrestling Stevenson's outstanding wrestler. Kessler's pin was at 3:39 in the second period. The Antioch light-heavyweight has had several injury problems this year, but appears to be rounding into shape for the upcoming tournaments.

Saturday Antioch traveled to Harvard to take on the host Hornets, a power in Class A, and Rockford East. East was fifth last year in the Class AA state tournament.

Harvard was an easy 37-10 victory with the Sequoits losing only three matches and winning nine.

Scoring the only fall for Antioch was Marvin Gibson at 105, but John Davis, Greg Nordstrom, and John Kakacek all scored superior decisions.

Rockford East proved to be a tough opponent bit was beaten 32-17.

### Wauconda Tough? Not for Sequoits

By MIKE WITT

The Wauconda Bulldogs came out "fired up" Saturday night for their showdown with Antioch. But after the Sequoits were finished with them, there wasn't even so much as a spark left. Antioch rolled to an easy 64-39 victory.

The Bulldogs quickly jumped out to a 4-0 lead behind two baskets by Dave Hedgepath, but that is the only story Wauconda has to tell about this game.

Antioch applied a full-court, man-to-man pressure defense, and it was obvious the Bulldogs couldn't handle the pressure.

The Sequoits made two quick steals to take the lead and a 18-8 first quarter advantage.

THE TURNING point came after the first three minutes as Wauconda's star, Hedgepath, quickly picked up three fouls and sat the rest of the first half.

Without him, his team was lost, and the Sequoits really went to town.

Antioch forced numerous turnovers on Wauconda's part, made them take bad shots, and clearly dominated the defensive boards, as Scott Kimball and George Ferguson swept in everything that went up.

ON OFFENSE, the Sequoits ran, and repeatly came up with easy shots. Jon Bodin came up with four baskets and Mitch Witt scored several easy lay-ins from feeds by Bodin. George Ferguson and Scott Kimball followed up on rebounds for baskets several times.

Towards the end of the first half, Antioch started getting sloppy and taking bad shots. A big lead will sometimes do that to a team, but it was the Sequoits' only bad sign all night.

In reality, this game was over at halftime as Antioch went to the locker room with a 36-16 lead. And the Bulldogs just didn't have anything to fight back with.

The second half was the finishing touch to what had already been done, and was not artistic basketball as the game became a little wild and rough.

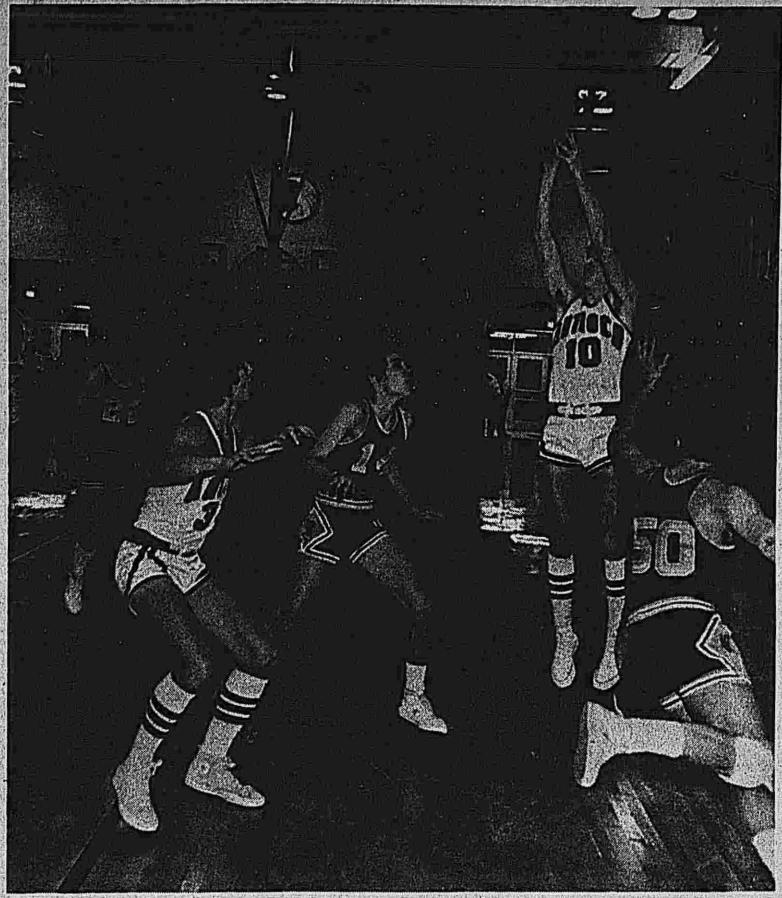

ANTIOCH WAS led by Kimball who scored 18. Witt and Ferguson put in 16 and 12 respectively.

The press Antioch used worked very well, and seemed to get the players moving better on both ends of the court. Expect to see more of this kind of defense in the future.

Antioch shot 40 percent from the field while Wauconda, which entered the game as a conference challenger, shot only 31 percent. Kimball made 9 of his 20 field goal attempts for Antioch and Witt connected on 7

sive victory was by Marvin Gibson 105. Marvin wrestled one of the best out of the Rockford area and beat him 5-3.

Marvin is a freshman who has quickly matured into an outstanding varsity wrestler.

"He received a great wrestling introduction at Antioch Upper Grade under Coach Ken Anderson and worked out hard this summer to improve himself," said Coach Ted De-Rousse.

ANTIOCH HAS a full weekend of wrestling coming up as it will wrestle five matches in two days.

Friday the Sequoits travel to Cary-Grove to wrestle the host school and Carmel of Mundelein.

Carmel has lost only one dual meet this year and will be an outstanding opponent.

Saturday Antioch ventures west again to wrestle McHenry, Rockford Auburn, and Rockford Boylan.

## Clever Clovers Open 4-H Year

The Clever Clovers 4-H Club has begun its "People-to-People" activity for this year. France was the country chosen for the study.

Gary and Dawn Quedenfeld gave reports required for their "read-a-book-project." An attractive floral arrangement was made in a demonstration by Marsha Fallon.

New members joining the Clever Clovers are Karen Kiesgen, Sarah and Matt Firestone, and Kerry Rock. A skating party is planned Friday.

#### HIS BROTHER WON LAST WEEK!

### **Bob Dubek Wins Contest**

Last week Bill Dubek, a member of the Antioch High School sophomore team, won the Antioch News basketball contest and \$15.

This week the winner is Bill's brother, Bob, a member of the varsity team. He wins a \$15 savings account at the State Bank of Antioch.

Most fans predicted that Antioch would beat Wauconda, but it was expected to be a fairly close game.

But Bob Dubek had faith in

his team and picked Antioch to trounce Wauconda by 18 points. As it turned out, the Sequoits won by 25.

PLACING SECOND was Brother Edwin Mitchell of St. Benedict's Abbey, who predicted Antioch would win by 16. His prize will be a \$10 gift certificate at A&B Printing.

There was a five-way tie for third place. Picking Antioch to win by 15 points were Neal Lulofs, Tom Gutowski, Steve Pilcher, Mary Furlan and Jayce Redmer:

Neal Lulofs won the tiebreaker, forecasting that Antioch's sophomores would win by 17 points. He was the closest of the five, as the sophomores romped to a 30 point victory.

Neal will receive a \$5 gift

certificate at the Piggy Bank Discount Store.

ANOTHER CONTEST appears in today's paper. Be sure to enter by 5 p.m. Friday and simply tell us how Friday night's home game against Cary-Grove will come out.

The tie-breaker will be Saturday night's home game against Lake Forest.

Y'all enter. It's not only fun, but often rewarding. Just ask the Dubek family.

#### Recycling Boom Will Affect Plastics, Tires

As environmental pressures mount, efforts to recycle chemicals from scrap tires and plastic wastes gain impetus.

In Germany, the government and plastics industry are building a pilot plant to recover methane, ethylene, styrene, benzene and waxes from used plastic.

In the U.S., Goodyear and the Oil Shale Corp. will use a similar technique to process 15 tons per day of discarded tires by early 1976. If this test program succeeds, it could lead to 15 plants recycling the 165 million tires worn out yearly in the U.S.

#### OF SAFETY

By Experts At The Plastic Bottle Institute

Every year a startling number of children-some 23 million-are injured in household accidents. Often, it's a result of not thinking ahead. Here are some safety tips which should help to keep your child safer.

Don't store household utility products in the compartment under the kitchen sink unless the compartment can be locked securely. Some of these products can be poisonous or abrasive to a child's skin.

Store medicines in the new safety bottles which children cannot open. It's a good idea to use plastic bottles because they're shatter-resistant.

Teach your children now to use cooking utensils. At first, give them tasks that don't require sharp tools. When they are old enough to understand, teach them to use knives properly.

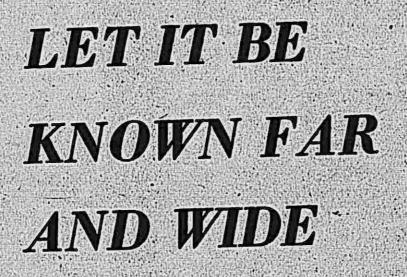

Store knives and other sharp tools where children can't find them. For example, keep knives in an out-of-reach rack.

#### ومفعمعممه

When your child and a neighbor's child have a serious quarrel, remember that the neighbor probably thinks that his child is right also.

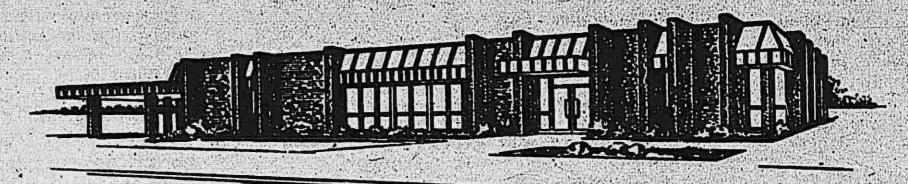

Elias Howe was so poor that when he was 12 his parents hired him out to a farmer in exchange for his board and clothing. Later, as an apprentice in a shop that manufactured looms, he got the idea for an invention which made him famous—the sewing machine!
